Stand Up and Take Action is three-day global mobilization, September 17–19, 2010, to send a loud and clear message from citizens to leaders of rich and poor countries to take urgent action to achieve the Millennium Development Goals (MDGs). The Millennium Development Goals is a global plan of 8 achievable goals to end extreme poverty across the planet. The goals, to be met by the year 2015, are endorsed by the United Nations, 189 governments, development experts and millions of people.

Last year on October 16-18, 2009 people in San Francisco Bay Area joined 173 million people at over 3,000 locations around the world to Stand Up against poverty - documented as a new Guinness World's Record! This year we are standing up, one week before the 2010 UN MDG Review Summit in New York, to show the world's leaders our support to end extreme poverty.

We invite you to join in this gathering of citizens, students, interfaith and civic leaders. Local government and community leaders will be joining cheerleading squads and marching bands to celebrate this year's theme "Make Noise for the MDGs". All people everywhere are invited!
